

Moisturizing Shampoo - Main

Moisturizing Shampoo - Cats

Moisturizing Shampoo - Dogs

Trade Names:

Coconut scented conditioning shampoo, Dermalyte® Shampoo, EFA Deodorizing Shampoo, Fresh 'n Clean® Protein-Enriched Moisturizing Shampoo 15:1, Hydra Pearls™ Shampoo

GENERAL DESCRIPTION: Moisturizing Shampoo is a hypoallergenic, hydrating shampoo that cleanses normal, sensitive and dry skin in dogs and cats. Natural moisturizers help restore a beautiful lustre to the coat. May be used as often as necessary, and can be safely used with topical flea control products. Moisturizing Shampoo is available from your veterinarian in various sizes.

WHAT IS THIS PRODUCT?

Contains natural oils and moisturizers in a gentle cleansing system

A soap-free, hypoallergenic shampoo used topically on dogs and cats

REASONS FOR PRESCRIBING:

Used to cleanse normal, dry and sensitive skin

Restores the skin's natural moisture

WHAT ANIMALS SHOULD NOT USE THIS PRODUCT?

Moisturizing Shampoo is not effective against parasitic infections (i.e. fleas, ticks, etc.)

DIRECTIONS:

Read and carefully follow the directions provided by your veterinarian.

Wet your animal's coat with warm water. Apply shampoo to head and ears, creating a rich lather, being careful to avoid the eyes. Repeat procedure with neck, chest, middle and hind quarter, finishing with legs. To avoid getting soap in the eyes or ears, wash the face and outside of the ears with a soapy washcloth.

Rinse thoroughly until water runs clear. For best results, repeat procedure.

Shampoo may be diluted 4:1.

This topical grooming product (medicated or non-medicated) may require several applications to have full effects. Visible improvements may be gradual and noticed after several days.

The frequency and length of use of this product depends upon the condition being treated and your animal's response. This product may be used daily, or as directed by your veterinarian.

WHAT IF A TREATMENT IS MISSED?

If a treatment is missed, perform it as soon as you can. If it is already time for the next treatment, skip the missed treatment and go back to the normal schedule.

WHAT TO TELL/ASK YOUR VETERINARIAN BEFORE USING THIS PRODUCT?

Talk to your veterinarian about:

When will your animal need to be rechecked

What are the risks and benefits of using this product

Tell your veterinarian about:

If your animal has experienced side effects on other drugs/products

If your animal has experienced any other medical problems or allergies now or ever

All medicines and supplements that you are giving your animal or plan to give your animal, including those you can get without a prescription. Your veterinarian may want to check that all of your animal's medicines can be given together.

**STORAGE AND WARNINGS:**

Store at controlled room temperature of 59-86°F.

Avoid getting it in your animal's eyes, ears or mucous membranes. Not for use in the ears.

Keep this and all medication out of reach of children and animals. For external animal use only.

Do not swallow. Avoid contact with eyes.

**POTENTIAL SIDE EFFECTS:**

If skin irritation develops or worsens or you notice any unusual symptoms, discontinue use and contact your veterinarian

This topical grooming product is short-acting and should stop working within 24 hours

**CAN THIS PRODUCT BE USED WITH OTHER MEDICATIONS?**

Yes, but if your animal experiences any unusual reactions when using multiple medications, contact your veterinarian.

**WHAT ELSE SHOULD I KNOW?**

Notify your veterinarian if your animal's condition does not improve or worsens despite this treatment.

As with all prescribed medications, Moisturizing Shampoo should only be used on the animal for which it was prescribed.

This is just a summary of information about Moisturizing Shampoo. If you have any questions or concerns about this product or for the condition it was prescribed, please contact your veterinarian.
